

Mastics-Moriches-Shirley Community Library

3D Print Policy

The Mastics-Moriches-Shirley Community Library offers patrons the opportunity to print out their own original designs or those found on various open-source websites. Prints will be priced according to weight in grams; our fee is 10 cents per gram.

Printing time is limited to a maximum of 3 hours per print. Formats accepted are as follows: .stl, .obj and .thing.

Patrons are permitted to submit their file for review via the online form on our website. Upon approval, patrons will be notified of a print price and pickup time. Prints that are not picked up within 14 days of notification will be discarded and the print cost will be applied to their Library accounts.

No project shall be printed that Library staff determines is:

- Prohibited by local, state, or federal law
- Unsafe, harmful, dangerous, or posing as a threat to others
- Obscene or offensive to the community's standards/mores.
- In violation of intellectual property rights-copyright, patent, trademark.

In addition to the above restrictions, the Library reserves the discretionary right to refuse any 3D print request that it deems inappropriate or unwarranted.
