

PIRATES, GHOST SHIPS AND SEAFARING SUPERSTITIONS

Tuesday, October 8th from 7:00 PM to 8:30 PM

The ocean can be a dangerous, frightening place. Through the years, mariners have encountered pirates who plundered their ships, terrorized their crew, and have seen ghost ships that seemed to be sailing the seas without a trace of the sailors who once manned them. Through it all, these brave seafarers sought explanation for the many mysteries of the sea and comfort from its dangers in legend and folklore.

Ahoy, Matey! Join Eco-Photo Explorers for a fun-filled program as they tell the real stories of Pirates, Buccaneers & Privateers and examine the mysteries of some of the most famous Ghost Ships of all time. Along the way, many of the superstitions of the sea will also be discussed.

Registration begins on 9/30. For more information please call the Reference Desk at 631-399-1511 ext. 240.
