

COMMUNITY LIBRARY

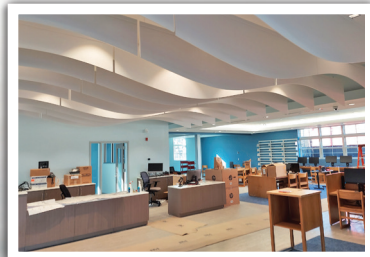

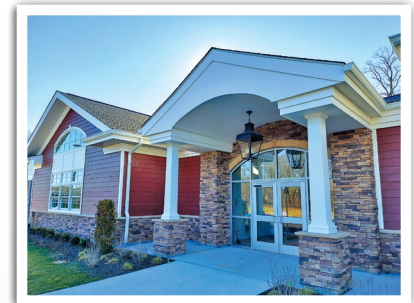

BUSY AT NEIGHBORHOOD ROAD BRANCH

There was a tremendous response from the community for our grand opening. We have lots of feedback from Mastic Beach residents who are grateful to be within walking distance of a library. In just the first week at Mastic Beach, we checked out 996 books, movies, and other library items. 138 people signed up for new library cards - 117 of them at the Mastic Beach satellite! In addition, we renewed another 488 patrons' library cards. Children's and teen programs are very popular.

Library Building Project Update

Moriches Branch: We passed the fire marshall inspection on January 16, which was the final step required for us to obtain a certificate of occupancy. Work continues on finalizing the land division. We have moved furniture and collections into the building in February and work continues on low-voltage electrical systems like security cameras and access key card panels for nonpublic areas. We will schedule our grand opening and ribbon-cutting event at this branch as soon as we have a final land division filed with Suffolk County.

Main Library: The lower levels fire spraying work is complete. The preparation and lath work will continue at the roof level for about another month. Much of the concrete work was completed including a new elevator foundation, slab patch work in the community room, revised foundation at the entrance, and all remedial work from our engineer. Steel is in fabrication and will start to be installed mid-February. Exterior carpentry was recently bid and should start at the end of February/beginning of March. PSEG representatives toured all three library sites and now have the information necessary for their energy efficiency grants with a decision forthcoming shortly.

Please go to <https://buildinginfo.communitylibrary.org/> for the most current info about the project.
