The Director began her report informing the Board that we are working on updating our monthly newsletter processes. To begin with, we will be changing delivery of the newsletter from every month to every two months. Preparing and mailing a newsletter every month has become challenging and expensive. This new arrangement should allow for some recovery time. The format will be changed to cut down on wording of specific program information to try and encourage patrons to look online. Once we see how this new format does we may think about going to once a quarter. Ms. Castro informed the Board we are updating the website to make it more user friendly. She reported that we are working with our software vendor to try and integrate the program calendar and the website. The Director then continued with her report informing the Board that she

DIRECTOR

is working with Tara and the department heads on a strategic plan for the future. She is meeting with everyone to get input and data on how to proceed with programs and space issues. She is reviewing programs and going over what works and what we might want to switch up. Lorraine Squires is working on compiling statistics on study room usage and how we can get the most out of our space. Ms. Castro discussed the café and confirmed we are expecting three proposals as new café options. Lastly the Director informed the Board that she is working with Mr. Nowak on the budget.

Ms. D'Amato reported that she is working with the Director on the reorganization of the monthly newsletter. In addition, the Assistant Director reported she has been working with department heads of the Adult, Teen and Children's Departments on hiring new pages. Ms. D'Amato reported that we have received the resignation of a few guards and will be working on hiring additional guards by year end.

ASSISTANT DIRECTOR REPORT

Mr. Nowak reported that he has been working on the budget for the 2026-2027 fiscal year and it has been challenging. There have been increases in the cost of the retirement plan, as well as our health insurance plan. We will also be faced with an increase in minimum wage at the beginning of the next calendar year. These increases, coupled with the continued pressure from the New York State property tax cap have resulted in him looking for different ways we might cut costs as an institution. He met with Ms. Castro and proposed that the Library re-evaluate our monthly newsletter and all of the costs associated with producing it. While this item was the most impactful, other business changes that could yield further savings were discussed. The Business Manager reported that we have been chosen once again by the public accounting firm for the New York State Employee Retirement System to have our census data audited. We are already working on compiling the requested information for this unanticipated burden during this very busy time of year. In addition, Mr. Nowak reported that Baldessari & Coster visited the office recently for three days to finish their fieldwork for our annual financial audit. The Business Manager reported that we have calculated the holiday bonuses for eligible part-time staff and it will be paid in the first check in December 2025. He continued with his report informing the Board we have received a FOIL request from a printer and photocopier retailer asking for all documents for our printers, copiers and toner usage. Mr. Nowak reported that he has received new requests for documents related to the Suffolk County I/A Grant. We have provided copies of all of the additional documentation requested and hope to close out this process in the very near future. The Business Manager continued with his report informing the Board of a few facility issues. Mastic Beach had to shut down recently with more belt/pulley issues on the HVAC system, similar to the issue at the Moriches Branch a few weeks ago. We are working on making sure all units are checked and watching them closely. Mr. Nowak then

BUSINESS MANAGER

mentioned that we are working on issues with the blinds at Mastic Beach and Moriches. He was happy to report that we are looking forward to working with a new Suffolk County contractor for any problems that arise with the blinds. Lastly, we are looking at April 14, 2026 as the budget and trustee election vote date.

Sylvia Maurer

Children's and Parents' Services Department – December Highlights

This December, the Children's and Parents' Services Department is excited to celebrate the holiday season with our patrons.

On Sunday, December 7, Sylvia Maurer, Scott Bendjy, April Fanzino, and Kavita Parmasar proudly represented our library in the Mastic-Shirley Chamber of Commerce Christmas Parade alongside our fellow co-workers from other departments. We were thrilled to see so many familiar faces waving back at us along the parade route - families who attend our programs and visit our buildings throughout the year.

On Thursday, December 11, and Saturday, December 13, we will host four sessions of our annual Holiday House program, where families decorate a gingerbread house to take home and enjoy. This program creates wonderful memories each year as families work together on their unique creations. All sessions are fully booked with waitlists, and we look forward to providing a fun and meaningful experience for 60 families.

This month, we were also delighted to restart our storytime visits to the Bay Area Head Start in Shirley. Chelsea will visit six preschool classes over two days, speaking with students about the library and encouraging them to visit with their families. She will share stories and fingerplays designed to enrich their early literacy skills. We are very happy to bring back this valuable outreach service.

Professional Development

- ◆ *Liz Horbal, Kayleigh Goodwin, and Calista MacDowell* attended SCLS's **Cataloging 101** on November 18 and 25. This two-session course provided a foundation in the basic principles and practices of cataloging, discussing minimum cataloging requirements for a bibliographic record and best practices.
- ◆ On November 17, Calista MacDowell attended the **RASD & SSD Customer Service Roundtable**, which centered around how to provide optimal customer service while balancing self-care.
- ◆ On November 21, Calista attended the SCLS mentorship program **Handling Emergencies as Librarian in Charge**, a discussion led by three library directors on strategies/policies for handling emergencies when administration is out of the building.

Library Assistant Hillary Maldonado has been reviving the art of book repair here at MMSCL. Over the past few months, she has studied the craft of using a few specialized tools with recycled materials to preserve items that might have otherwise been discarded due to damage, preserving 12 childrens' books and 4 adult books.

She is able to keep the cost and time needed for repairs to a minimum by planning out her approach and taken to preserve the items within our circulating collection is kept at a minimal due to reusing available materials and constructive time management. She was particularly creative with saving a CPSD Dog Man book that had a small chunk of cover torn from the upper spine. She reports: "I adhered a custom-size piece of compressed acid-free cardboard with a piece of Tyvek repair tape over the damaged area, then added extra support to the rebuilt cover. This repair successfully preserved the book for continued circulation, demonstrating cost-effective and creative problem-solving while adhering to archival standards."

Repaired Dog Man, going out to more readers!

NYLA

In November I had the opportunity to attend the NYLA conference and learned some things that we can use in the teen department

60 SECOND STORIES

- Cell Phones Kids record on their phone and drop them into a Google Folder
- Great for social media!

CREATING SENSORY SPACES

Provided resources and ideas for creating a sensory space in the library.

Why is Teen Programming Essential:

Teens are a forgotten demographic because they can't vote.

- Keeps 'them' off the streets
- Recognition and appreciation from the community
- Provides a "Youth Voice" in the community

NEWSLETTER

Staff has made the transition from monthly newsletter to bi-monthly with a few hiccups but over all everyone did a fantastic job and think it will be easier going forward.

In School Visits

Plans are being made to begin visiting the Middle Schools and showcasing what we have to offer both academically and for entertainment

School Collaboration

The English Honor Society at the high school is extremely interested in doing community service work at the Community Library.

Some of our ideas consist of Literature themed jeopardy, variations of spelling bees, or reading nights with children.

We look forward to working with them.
